

POLICY

Career and Technology Program

Each student shall master the basic skills and knowledge necessary for managing the dual roles of family member and wage earner and for gaining entry-level employment in a high-skill, high-wage job or continuing the student's education at the postsecondary level. Education Code 29.181.

The Board may conduct and supervise career and technology classes and other educational programs for students and for other persons of all ages and spend local maintenance funds for the cost of those classes and programs. In developing a career and technology program, the Board shall consider the state plan for career and technology education. Education Code 29.183.

Distinguished Achievement in Career and Technology Education

The Board may develop and offer a program that provides a rigorous course of study consistent with the required curriculum and under which a student may:

1. Receive specific education in a career and technology profession that leads to postsecondary education or meets or exceeds business or industry standards; and
2. Obtain from the School an award for distinguished achievement in career and technology education and a stamp or other notation on the student's transcript that indicates receipt of the award.

An award granted under this provision is not in lieu of a diploma or certificate of coursework completion.

In developing such a plan, the Board shall consider the state plan for career and technology education. The Board must submit a proposed program to the Commissioner in accordance with criteria established by the Commissioner. Education Code 29.187.

Contracts with Other Entities

The Board may contract with an entity listed in Education Code 29.184(a) for assistance in developing the program or providing instruction to students participating in the program. The Board may also contract with a local business or a local institution of higher education for assistance in developing or operating a career and technology education program. A program may provide education in areas of technology unique to the local area. Education Code 29.187(d), (e).

Insurance

The Board may provide insurance to protect a business that contracts with the District under this provision. The Board shall notify the parent or guardian of

each student working for a business if the Board provides such insurance. The amount of insurance provided by the School must be reasonable. Education Code 29.187(f).

Providing Career and Technical Education

The following provisions apply only if the School receives federal career and technical education funds. 19 TAC 75.1021.

Students with Disabilities

A student with a disability shall be provided career and technical education in accordance with all applicable federal law and regulations including the Individuals with Disabilities Education Act (IDEA) of 2004 and its implementing regulations, state statutes, and rules of the SBOE and the Commissioner.

A student with a disability shall be instructed in accordance with the student's IEP, in the least restrictive environment, as determined by the student's ARD committee. If a student with a disability is unable to receive a free appropriate public education (educational benefit) in a regular career and technical education program, using supplementary aids and services, the student may be served in separate programs designed to address the student's occupational/training needs, such as career and technical education for students with disabilities.

A student with a disability identified in accordance with IDEA of 2004 is an eligible participant in career and technical education when the following requirements are met:

1. The ARD committee shall include a representative from career and technical education, preferably the teacher, when considering initial or continued placement of a student in career and technical education program;
2. Planning for the student shall be coordinated among career and technical education, special education, and state rehabilitation agencies and should include a coherent sequence of courses;
3. The School shall monitor to determine if the instruction being provided a student with a disability in career and technical education classes is consistent with the student's IEP;
4. The School shall provide supplementary services that each student with a disability needs to successfully complete a career and technical education program, such as curriculum modification, equipment modification, classroom modification, supportive personnel, and instructional aids and devices;
5. The School shall help fulfill the transitional service requirements of the IDEA of 2004 and implementing regulations, state statutes, and rules of

the Commissioner for each student with a disability who is completing a coherent sequence of career and technical education courses.

6. When determining placement in a career and technical education classroom, the ARD committee shall consider a student's graduation plan, the content of the individual transition plan, the IEP, and classroom supports. Enrollment numbers should not create a harmful effect on student learning for a student with or without disabilities in accordance with the provisions in the IDEA of 2004 and its implementing regulations.

19 TAC 75.1023.

Student Organizations

The School may use federal career and technical education funds to provide opportunities for student participation in approved student leadership organizations and assist career and technical student organizations in accordance with all applicable federal and state laws, rules, and regulations. However, students shall not be required to join such an organization. Student participation in career and technical student organizations shall be governed in accordance with 19 TAC Chapter 76 (relating to extracurricular activities).

The following career and technical student organizations are recognized by the U.S. Department of Education and the TEA:

1. Business Professionals of America (BPA);
2. DECA;
3. Future Business Leaders of America (FBLA);
4. FFA;
5. Family, Career, and Community Leaders of America (FCCLA);
6. Health Occupations Students of America (HOSA);
7. Technology Student Association (TSA); and
8. Skills USA.

19 TAC 75.1024 [See FM]

Program Evaluation

The School shall annually evaluate its career and technical education programs. 19 TAC 75.1025.

Annual Notification

Prior to the beginning of each school year, the Chief Executive Officer shall advise students, parents, employees, and the general public that all career and technical education opportunities will be offered without regard to race, color, national origin, sex, or disability. Such notification shall comply with the guidelines provided by the

Guidelines for Eliminating Discrimination and Denial of Services on the Basis of Race, Color, National Origin, Sex, and Handicap, published by the Office for Civil Rights.
